Student Resource Scheme 2027

Years 8 and 9

Welcome back to Indooroopilly State High School for 2027. We look forward to continuing our partnership with your family and supporting your child through another year of learning, growth and achievement.

This booklet outlines the Years 8 and 9 Student Resource Scheme (SRS), the resources included and the fees payable. The 2027 School Fee Schedule at the back of this booklet details the annual SRS fee, the applicable Textbook and Resource Allowance (TRA) offset and separate fees for additional programs.

The scheme's operation, resource inclusions and participation fees will be presented to the school's P&C Association for endorsement on 28 October 2026.

Understanding the Student Resource Scheme

What the Queensland Government provides

The Queensland Government supports students' education by funding:

- Instruction - teachers and curriculum delivery.
- Facilities - school buildings, amenities and furniture.
- Administration - staffing and resources to support school operations.

Parents/carers are responsible for providing individual learning resources, such as textbooks, equipment for personal use and materials used or consumed by students in the classroom.

How the SRS supports families

The SRS offers a convenient and cost-effective alternative to purchasing the included resources independently. Through bulk purchasing and textbook hire arrangements, the scheme helps families save time and money while ensuring students have the resources required for learning.

Revenue collected through the SRS is used only for the specified resources and operation of the scheme. It is not used to raise funds for other school purposes.

SRS Participation - Continuing Students and New Families

Participation in the SRS is voluntary. Please review the updated resource inclusions and fee schedule before confirming or changing your participation decision.

Continuing students no new agreement required

Your child's existing SRS Participation Agreement Consent Form remains valid as they progress through Years 8 and 9 and for the remainder of their enrolment at ISHS, unless you submit a new form to change your decision.

The annual SRS fee remains payable while your child participates in the scheme. Families should review the updated inclusions and fees each year.

New families (consent form required)

Families joining ISHS will receive an email explaining how to complete the electronic SRS Participation Agreement Consent Form through the QParents app.

Please complete a separate form for each student by **12 February 2027**, selecting:

- YES, to participate in the SRS; or
- NO to provide the required learning resources independently.

Your decision remains valid for the duration of your child's enrolment, unless you submit a new form to change it.

If you wish to opt out (Not to Participate)

To opt out of the SRS, please select NO on the current SRS Participation Agreement Consent Form through the QParents app.

Wherever possible, notify the Finance Accounts Team before resources are issued for the new school year. If resources have already been provided, please contact the team to discuss the applicable arrangements.

The school will provide non-participating families with an itemised list of resources required for each of their child's subjects, including textbooks, materials, consumables, software, workbooks and reference materials. Families are responsible for obtaining and supplying these resources from the start of the school year.

Purchasing resources independently may cost more, as families do not receive the school's bulk purchasing discounts. Choosing not to participate does not affect your child's access to teaching, school facilities or assessment.

Resources Included in the School SRS

The SRS comprises general learning resources and subject-area materials and consumables. Inclusions vary according to the student's year level and subjects.

Textbooks and online learning resources

The scheme includes access to online textbooks through the **Jacaranda Bundle and ReadCloud**, together with the specified software applications and online learning programs used in students' subjects.

Hard-copy textbook hire

ISHS operates a textbook hire room for students who require hard-copy textbooks (only for special circumstances), families are required to contact the Head of Department for each subject to discuss this requirement and availability.

Printed learning resources
The scheme includes specified school-prepared workbooks, printed reference materials and individual learning resources that complement or replace textbooks. Resources supplied for students to keep remain their property.

Subject materials and consumables
Depending on the subjects studied, the scheme includes materials used or consumed during classroom activities, such as:

- Art and craft supplies.
- Timber, fabric and other practical materials.
- Cooking ingredients.
- Consumables for science experiments and practical activities.
- Other individual consumable resources specified for students' subjects.

Understanding resource ownership
Resources provided through the SRS generally fall into three categories:

- **Owned** - items provided for students to keep and use as required.
- **Used** - materials consumed during classroom activities, with completed work retained by the student. (refer to list material above)
- **Hired** - items borrowed for a specified period that remain school property and must be returned.

Please notify the school if your child does not receive a resource included in the scheme**.**

Devices and personal equipment
Students provide their own device under the school's BYOD arrangements. Long-term device hire is not included in the curriculum SRS.

Temporary laptop loans while a student's own device is being repaired are arranged separately through IT Support Services and are not charged as SRS hire.

Families must also provide any personal equipment or items specified for their child's subjects that are not included in the scheme.

Annual SRS Fee and Textbook and Resource Allowance
The curriculum SRS fee is calculated by year level and covers the specified general learning resources, subject-area materials and consumables.

The Department of Education provides a **Textbook and Resource Allowance (TRA)** to assist eligible secondary students with the cost of textbooks and learning resources.

For eligible students participating in the SRS, the allowance is applied to reduce the annual amount payable by families.

TRA Amounts for 2027

School Year Level	Indicated Annual TRA per Eligible Student
Year 8	$171.00
Year 9	$171.00

The fee schedule at the back of this booklet shows the **full annual SRS fee**, the **TRA offset** and the **remaining amount payable by parents/carers** for Years 8 and 9.

Families will be advised of any changes once the 2027 allowance rates are confirmed.

Please contact the Finance Accounts Team by email**:** finance@indoorooshs.eq.edu.au if you have a question about your child's eligibility or the allowance applied to their account.

Invoices and Payments

SRS and applicable user-pay invoices will be emailed to parents/carers 12 February, Week 3 of Term 1, 2027.

SRS invoices will be issued to participating families, and user-pay, invoices will cover the additional programs or courses in which your child participates.

Invoices are payable within 30 days.

Payment methods

Payments can be made through **BPOINT or QParents**.

When using BPOINT, use the **Customer Reference Number (CRN)** and **invoice number** shown on your invoice. If you are unsure which details to use, please contact the Finance Accounts Team by email**:** finance@indoorooshs.eq.edu.au

Financial hardship and payment arrangements

If you are experiencing financial hardship or require an instalment arrangement, please contact the Finance Accounts Team as early as possible, preferably before the invoice due date.

The school will discuss available payment arrangements and assistance with you. All discussions will be treated confidentially.

Students leaving during the year

If your child leaves ISHS during the school year, please contact the Finance Accounts Team by email: finance@indoorooshs.eq.edu.au to complete an **exit form** and discuss any applicable fee adjustment or refund.

The school will consider the resources already provided, borrowed items to be returned, outstanding charges and the student's TRA entitlement.

Additional Programs and Course Fees

Additional fees apply only to students participating in the relevant programs or courses. These charges are separate from the Student Resource Scheme (SRS) fee.

Please refer to the fee schedule at the back of this booklet for the applicable amounts and inclusions. Program fees will be invoiced in Week 3 of Term 1, 2027, and are payable within 30 days.

Depending on the program, Fee inclusions may cover specialist textbooks, translated and printed learning materials, software, classroom consumables, competitions, performances, incursions and excursions.
