PATH TO TERTIARY STUDY

Film and Television study at Indooroopilly State High School led me to find my path in life. After graduating, I enrolled in film studies at the University of Queensland and immersed myself in everything film related.

ASPIRATIONS

My future aspirations are to become a Lecturer/Researcher in the field of Film and Television.

TIP FOR SUCCESS

If I could give one piece of advice to students at Indooroopilly it would be to read! Read books and articles whenever you can, wherever you can, and practise using the library for research. Reading is something that needs to be practised and not underestimated. The more you read the better your writing gets, and Indooroopilly students are incredibly lucky to have access to such an extensive library collection!

THE SKILLS AND KNOWLEDGE I DEVELOPED AT INDOORROOPILLY GAVE ME A HEAD START WHEN IT CAME TO RESEARCH AT UNIVERSITY.
