

Co-curricular Music Program

Indooroopilly State High School has a thriving Instrumental and Choral Co-curricular Music Program.

By playing a musical instrument or joining Indo Voices, students gain opportunities to extend their musicality and meet other students.

Indooroopilly State High School offers a variety of musical ensembles ranging from Mezzo Strings and Concert Band, designed for Junior Secondary school musicians, through to our Symphony Orchestra.

The Symphony Orchestra enables our more experienced and skilled musicians playing Brass, Woodwind, Strings and Percussion to play a challenging and exciting repertoire together.

Indooroopilly Voices is the school's choral program and is open to students in all year levels.

The Instrumental and Choral Co-curricular Music Program provides tuition during school hours in Woodwind, Brass, Percussion and String instruments.

Ensemble experience is provided through participation in the ensembles and other smaller groups outside of school hours or during the lunch hour.

Attendance at these groups is compulsory and an integral part of the Instrumental Program. Tuition classes take place on a small group basis with 3-6 students of similar ability level learning together.

We enter our instrumental music ensembles into Fanfare, a statewide instrumental music competition that is held biennially.

The Co-curricular Music Program team looks forward to your support in making great music with your student.
