

Dear Parent

Re: Year 10 Student Resource Scheme – 2021

Indooroopilly State High School for many years operated a Student Resource Scheme that is supported by the school community and endorsed by our P and C Association. Our scheme has offered a cost effective alternative to purchasing resources elsewhere, through reduced prices gained from the school's bulk purchasing practices.

As a result, the scheme has been able to provide outstanding resources to all students to enhance student learning outcomes. The scheme ensures that students have consistent resources for their education and saves parents time and money.

All revenue collected through the scheme is applied directly to the operation and provision of student resources. The scheme does not raise funds for any other purpose. It is a requirement of the Department of Education that the Participation Agreement Form is completed and signed, and returned by a Parent or Caregiver. This should be done irrespective of whether or not you wish to join the scheme, as indicated by ticking either the "Yes" or "No" box on the form.

Parents are now able to participate in the scheme for the duration of their student's enrolment at our school, saving the need to return the Agreement Form each year. You are able to opt out in any year by advising our Administration Office before the invoice due date.

To minimise the impact of the SRS costs, parents are able to negotiate an instalment plan so that payments can be spread across the year. If you would like to discuss this option, or have any questions about the Scheme, please contact me or Executive Business Manager, Samantha Jeffs.

We look forward to your participation in this scheme, and value the opportunity to provide this service to parents and students.

Lois O'Reilly

Lois O'Reilly

ELIGIBILITY CRITERIA FOR THE TEXTBOOK AND RESOURCE ALLOWANCE

Purpose

Department of Education and Training provides assistance to parents of secondary school age students attending state and approved non-state schools to contribute towards the cost of textbooks and learning resources.

Eligibility

The following students are eligible:

- Students attending approved schools in Years 7 to 12
- Students in ungraded secondary school programs and who are at least 13 years of age on 1 January
- Students who are at least 13 years of age on 1 January and attending state special schools and non-state special schools holding funding approval (15 years for senior secondary rate)
- Students undertaking courses in Australian Agricultural College campuses in Queensland equating to and in lieu of Years 11 to 12.

The following students are NOT eligible:

- Students enrolled as full fee paying overseas students (FFOS)
- Students enrolled in a Centre for Continuing Secondary Education (CCSE)
- Students undertaking part time distance education from a non-state school accredited for distance education
- Students enrolled AFTER the first Friday in August.

**INDOOROOPILLY STATE HIGH SCHOOL

VISUAL ART	Basic Visual Art materials such as those required for: drawing, painting, sculpture and printmaking.	\$53.00

Cisco Certified Networking Associate (CCNA) Course

Students choosing the CCNA course will study online and in practical laboratories during the four semesters of the course.

The cost is \$225 **per semester** payable in advance at the start of each semester. This covers the cost of providing the laboratory equipment used exclusively by CISCO students.

At the end of the course, to obtain the CCNA certification, students need to sit an external examination at an approved testing centre. A discount is available to students who achieve a high percentage in their school based final examinations.

There is no set textbook for the CCNA course. All course content is online, and can be accessed by students from any workstation at the school and via the Internet at home.

The CCNA course is different to other courses in that it provides a world-wide recognized qualification. More information about the networking academy program can be obtained from the school or by visiting the Cisco Academy website at cisco.netacad.net
