+ International Baccalaureate Subjects

NOTE:

1. When Year 9 students have submitted their initial subject selections in OneSchool (<https://oslp.eq.edu.au>) for Year 10, groupings or lines of subjects will be made to ensure that as many students as possible are able to study their six chosen subjects. These combinations will then become the actual choices available to students who will continue Year 10 at Indooroopilly State High. These final selections will also be made via OneSchool (<https://oslp.eq.edu.au>)
2. The Principal reserves the right to delete an elective subject if there are insufficient numbers to form a class of viable size.
3. Changes of subjects in Year 10 can be requested by students at the end of units of work. A change will only be made after a series of permissions are obtained from Parents, Guidance Officers and relevant Heads of Department and Teachers. The Deputy Principals will finalise the decision to change subjects.
4. Students who choose more than two VET or Applied subjects may not be eligible for an ATAR score at the conclusion of Year 12. These students may be able to use their VET qualifications to apply directly to tertiary institutions, particularly at the TAFE level of courses.
