Principles used in creating the IB Examination Schedule:

- It is not possible to take into account public, national or school holidays because of the number of countries in which the IB Diploma Programme is offered.
- Registration data has been used to ensure that the minimum number of students globally are impacted by subject timetable clashes.
- Where there are subjects with particular regional or cultural links the IB will endeavour to take these into account, for example Arabic literature/language examinations will not be scheduled on a Friday.
- Almost all subjects are scheduled on consecutive days. This is to minimise the impact of absence on any given day, whilst maintaining continuity for students.
- Subjects with the highest candidature are not scheduled consecutively and are spread as evenly as possible over 4 weeks to try and distribute the workload for students. Where possible, language examinations and science examinations are scheduled on each of the 4 weeks for the same reason.
- The examination schedule is as short as possible to maintain an acceptable balance between the number of conflicts in the schedule.

Rescheduling Policy

- Rescheduling of an exam for a student requires approval from IB.
- The criteria and the process for applying for a reschedule can be found in the Diploma Programme/Career-related Programme *Assessment procedures*.

2026 Examination Schedule

- The examination schedule in 2026 will start on Friday 23 October 2026, and end on Friday 13 November 2026.
