

Thursday 28 May 3:00pm-7:00pm

OPEN DAY

2026 Program

INDOOROOPILLY
STATE HIGH SCHOOL

Executive Principal's Welcome

Welcome to Indooroopilly State High School.

Today is all about opening our school to anyone and everyone to come and visit, to see why it is such an exceptional school. "Indro" as it is colloquially known, is a truly inclusive school that drives individual excellence in an environment where students belong and are connected to our school community.

Students at Indro are offered one of the largest offerings of subjects in Queensland and at a level that other schools can only dream of. From Music Extension, Mathematics and Engineering Acceleration to our world-renowned Spanish Immersion Program, our school is only a handful of schools in Queensland that offers ATAR and International Baccalaureate study pathways. The full breadth of subjects extends students to become whatever they dream of becoming.

Our goal here at Indro is to ensure we extend students now and into the future, beyond what they think they

are capable of. I feel very fortunate to be the Principal of Indooroopilly State High School, and welcome you to this beautiful school community. If you have any questions, please do not hesitate to ask any of our students or staff.

Sheena Millar
Executive Principal

Our Values

- Each person's dignity
- Our community diversity
- Open communication
- Quality learning

A COMMUNITY OF *Forward thinkers*

Favourite things about Indro's Open Day

Open Day is the perfect place to not only experience Indro as a school, but also as a community.
Senith, Year 11 Student

The pilot flight simulator was great and there was also a sausage sizzle. You get to meet a variety of people and find out about fun things like Connect Sports.
Daiyan, Year 8 Student

At Open Day, we went on a whole school tour and got to see which classrooms we'd most likely be in and the Multi-Purpose Hall. Now that I'm a Year 7 student there, I love the sense of independence, you have your own space and there's a whole heap of different activities and subjects you can try.
Indigo, Year 8 Student

One of the best things I remember about Open Day is visiting the oval, it was like, boy, breaks are going to be great!
Vincent, Year 8 Student

My favourite thing about Indro is the freedom - obviously there's free dress and since it's high school you get to move around different classes and meet different teachers. Indro is very diverse and everyone is really open and easy to talk to. It's very easy to make friends.
Esther, Year 8 Student

Open Day Experience Checklist

- Take part in one of our many **activities in Town Square**
- Check out the **student performances** in the School Hall
- Visit our **subject displays** in the Multi-Purpose Hall
- Attend one of our **information sessions** in Q Block or the Peter Doherty Theatre
- Take a 'School Tour' to get to know our campus
